

# Desk Fingerprint Reader

## ZA-SFR-300

High-quality optical fingerprint scanner  
 Reliable image quality of 500 dpi  
 Hard and strong sensor surface  
 Standard USB interface  
 Plug and play installation

### SDK Specifications

Template size	384 Bytes (Configurable)
Enrollment time	<0.1 sec (at Pentium IV 3GHz)
Verification time	<0.1 sec (at Pentium IV 3GHz)
Identification time	10,000 match per second (at Pentium IV 3GHz Dual Core)
Encryption	256 bit AES

### Scanner Specifications

Type	Stand-alone
Fingerprint sensor	Optical
Resolution	500 dpi / 256 gray
Sensing area	16 X 18 mm
Interface	USB 2.0 high speed and full speed
Operation temperature	-10 - 50°C
Dimension (W x L x H)	40 x 77 x70mm
